

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lara Cleary
DOCKET NO.: 22-25935.001-R-1
PARCEL NO.: 05-33-201-005-0000

The parties of record before the Property Tax Appeal Board are Lara Cleary, the appellant, by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,825
IMPR.: \$56,175
TOTAL: \$79,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,098 square feet of living area. The dwelling is approximately 95 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace, and a 2-car garage. The property has an 8,300 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$790,000 as of January 1, 2022. The appraisal was prepared by Gary Wydra, a certified residential real estate appraiser, to determine market value as of January 1, 2022.

Under the sales comparison approach, the appraiser selected three comparable sales located from 0.54 of a mile to 1.04 miles from the subject. The comparables have varying degrees of similarity to the subject in site size, dwelling size, age, and features and sold from November 2020 to July 2021 for prices ranging from \$770,350 to \$840,000 or from \$247.83 to \$317.54 per square foot of living area, including land. The appraiser adjusted the comparables for differences from the subject to arrive at adjusted prices from \$779,400 to \$840,500. The appraiser concluded a value for the subject of \$790,000 as of January 1, 2022. Based on this evidence the appellant requested a reduction in the subject's assessment to reflect the appraised value conclusion.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,965. The subject's assessment reflects a market value of \$989,650 or \$319.45 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. In support of its contention of the correct assessment the board of review submitted information on four equity comparables but did not submit any sales data or other market value evidence. The board of review requested the subject's assessment be sustained.

In written rebuttal, the appellant argued the appraisal is the best evidence of the subject's market value.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the appraisal submitted by the appellant. The Board finds the appraiser selected comparables that are similar to the subject in location and features and made reasonable adjustments to the comparables for differences from the subject. The subject's assessment reflects a market value of \$989,650 or \$319.45 per square foot of living area, including land, which is above the appraised value conclusion. The Board finds the subject property had a market value of \$790,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
