

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Evitts
DOCKET NO.: 22-26031.001-R-1
PARCEL NO.: 07-16-309-003-0000

The parties of record before the Property Tax Appeal Board are Daniel Evitts, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,224
IMPR.: \$21,966
TOTAL: \$28,190

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,548 square feet of living area. The home is approximately 49 years old. Features include a slab foundation and 1 bathroom. The property has an 8,892 square foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.33 to 0.94 of a mile from the subject. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,518 to 1,663 square feet of living area. The homes are 43 to 58 years old. Each comparable has a slab a foundation, either 1, 1½ or 2½ bathrooms and a

1-car, a 1½-car or a 2-car garage. Three comparables each have central air conditioning, and two comparables have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$14,000 to \$21,999 or from \$8.83 to \$13.23 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,190. The subject property has an improvement assessment of \$21,966 or \$14.19 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of mile from the subject. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,177 to 1,588 square feet of living area. The homes are each 49 years old. Each comparable has a slab foundation and 1 bathroom. One comparable has central air conditioning, and two comparables have either a 1-car or a 2-car garage. Comparable #3 was reported to have other improvements that were not described. The comparables have improvement assessments ranging from \$19,707 to \$22,642 or from \$14.26 to \$16.74 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4 and #5 as well as the board of review's comparables #1 and #3 which are less similar to the subject in proximity, age and/or dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are overall most similar to the subject in location, design, age, dwelling size, foundation type and some features. Moreover, the board of review comparable #2 is identical to the subject in almost all property characteristics, except for its slightly larger dwelling size. The three comparables have improvement assessments ranging from \$21,099 to \$22,642 or from \$12.71 to \$14.26 per square foot of living area. The subject's improvement assessment of \$21,966 or \$14.19 per square foot of living area falls within the range established by the best comparables in the record and below the board of review #2 that sets the higher end of the value range. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
