

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Long
DOCKET NO.: 22-26232.001-R-1
PARCEL NO.: 05-17-312-056-0000

The parties of record before the Property Tax Appeal Board are Joseph Long, the appellant(s), by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,037
IMPR.: \$249,315
TOTAL: \$303,352

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 7,555 square feet of living area. The dwelling is approximately 94 years old. Features of the home include a partial basement, central air conditioning, four fireplaces and a three-car garage. The property has a 38,598 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on seven class 2-09 equity comparable properties with varying degrees of similarities to the subject which are located within a 871-foot radius of the subject. The improvements ranged: in age from 70 to 99 years; in size from 6,985 to 8,540 square feet of living area; and in improvement assessment from \$23.10 to \$29.72 per square foot

of living area. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$323,560. However, the Cook County Board of Review 2022 Assessed Valuations decision reflects a total assessment after board of review action as \$303,352. The subject property has an improvement assessment of \$249,315 or \$33.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-09 equity comparable properties with varying degrees of similarities to the subject, three of which are located on the same block as the subject while one is located within ¼ mile of the subject. The improvements ranged: in age from 12 to 94 years; in size from 5,922 to 7,189 square feet of living area; and in improvement assessment from \$35.39 to \$47.15 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #3, #4, #6, and #7 and board of review's comparables #1 and #3. Appellant's comparables #4, #6, and #7 were similar to the subject in age, size, central air conditioning, and garage space. Each of these comparables had a full basement while the subject has a partial basement, and each had one less fireplace than the subject. Appellant comparable #4 has one less half-bathroom than the subject. Appellant comparable #3 has more square feet of living area, one more full bathroom, and two fewer fireplaces than the subject. Board of review comparable #3 is younger than the subject, has one fewer half-bathroom, one fewer fireplace, and a full basement while the subject has a partial basement. Board of review comparable #1 is similar to the subject in age, partial basement, central air conditioning, and fireplaces. This comparable has one more full bathroom than the subject, less square feet of living area, and a smaller garage. These comparable properties were similar to the subject and had improvement assessments that ranged from \$23.10 to \$47.15 per square foot of living area. The subject's improvement assessment of \$33.00 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
