

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Freda
DOCKET NO.: 22-27259.001-R-1
PARCEL NO.: 05-18-203-010-0000

The parties of record before the Property Tax Appeal Board are Charles Freda, the appellant(s), by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,625
IMPR.: \$35,875
TOTAL: \$53,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 104-year-old two-story dwelling of frame construction with 1,927 square feet of living area. Features of the home include a partial basement, central air conditioning, and a one-car garage. The property has a 7,050 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on November 22, 2020, for a price of \$535,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal". Per the attached board of review award letter, the total assessment for the subject is \$66,648. The subject's assessment reflects a market value of \$666,480 or \$345.86 per square foot of living area, land included, when using the standard 10 percent assessment value for residences in Cook County. In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The board of review identified four sales of properties located 0.25 miles away from the subject property. Comparable #1 was sold on June 23, 2022, for \$785,000 and has a sale price per square foot of \$373.45. Comparable #2 was sold on May 13, 2022, for \$1,096,036 for a sale price per square foot of \$518.96. Comparable #3 was sold on November 15, 2020, for \$610,508 for a sale price per square foot of \$322.00. Comparable #4 was sold on May 24, 2021, for a sale price of \$642,000 for a sale price per square foot of \$300.00. The board of review is requesting that the assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property on November 22, 2020, for a price of \$535,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor form @properties named Harry Maisel, the property had been advertised on the Multiple Listing Service, and it had been on the market for seven months. The property was not sold due to a foreclosure action. In further support of the transaction the appellant submitted a copy of the closing statement that confirmed the information in Section IV of the petition. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$535,000 as of January 1, 2022. A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
