

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ila Lewis
DOCKET NO.: 22-27500.001-R-1
PARCEL NO.: 05-18-209-012-0000

The parties of record before the Property Tax Appeal Board are Ila Lewis, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,500
IMPR.: \$57,500
TOTAL: \$75,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,932 square feet of living area. The dwelling was 76 years old. Features of the home include a partial basement, central air conditioning, a fireplace, and a two-car garage. The property has a 7,000 square foot site and is located in Glencoe, New Trier Township, Cook County. The property is a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the basis of the appeal. In support of the argument of overvaluation the appellant submitted an appraisal estimating the subject property had a market value of \$750,000 as of January 1, 2022. The appraisal was prepared by a certified associate real estate appraiser supervised by a certified general areal estate appraiser. The appraiser asserted that the highest and best use of the subject property as

improved was its present use. The appraiser used the sale comparison approach to valuation of the subject property. The appellant disclosed that this is an owner-occupied residence.

Under the sales comparison approach, the appraiser utilized five comparable sales properties located within a 1.01-mile radius of the subject. The comparable properties sites ranged in size from 8,427 to 11,326 square feet of land area and from 2,261 to 3,226 square feet of living area. The properties are each improved with a two-story dwelling of frame, brick, brick and frame, or stone and stucco exterior construction that are from 29 to 99 years old. The comparable properties sold from October 2020 to December 2021 for prices ranging from \$520,000 to \$920,000 or from \$227.92 to \$285.18 per square foot of living area, land included in the sales prices. The appraiser adjusted, as applicable, for location, condition, site, quality of construction, room count, rooms below grade/above grade, garage, gross living area, and deck. The appraiser concluded that based on the sales data and applying adjustments to the comparable sales for differences from the subject, the subject had a market value of \$750,000. Based on this evidence the appellant requested a reduction in the subject's assessment to reflect the appraisal.

In support of the argument of assessment in equity the appellant submitted four class 2-06 equity comparable properties which were located in the same neighborhood code as the subject, one within a ½-mile of the subject, and the others in the same neighborhood as the subject but for which the appellant did not provide more precise proximity to the subject. The improvements ranged: in age from 94 to 110 years; in size from 2,907 to 3,027 square feet of living area; and in improvement assessment from \$10.46 to \$22.06 per square foot of living area. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,000. The subject's assessment reflects a market value of \$870,000 or \$296.73 per square foot of living area, including land, when applying the level of assessments for class two property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales properties which sold from April 2020 to September 2022 for sales prices from \$902,500 to \$985,000 or from \$308.02 to \$367.53 per square foot of living area, land included in the sales prices. The same properties were offered by the board of review as equity comparable properties. Three of the four properties were within a ¼-mile radius of the subject while the other was in the same subarea as the subject. The improvements were from 68 to 94 years old, had from 2,544 to 2,930 square feet of living area, and had improvement assessments from \$24.29 to \$27.20 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or

construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the appellant submitted a credible appraisal report with reasonable and logical adjustments for differences from the subject. The four comparable sales presented by the board of review lacked adjustments for significant differences when compared to the subject property. The subject's current assessment reflects a market value of \$870,000, which is higher than the appraised value of \$750,000. Based on the evidence presented, the Board finds the subject property is overvalued and a reduction commensurate with the appellant's request is warranted. Since market value has been established at \$750,000, the level of assessment for class two property under the Cook County Real Property Assessment Classification Ordinance shall apply and the total assessment for the subject property for the tax year in question will be reduced to \$75,000. (86 Ill.Admin.Code §1910.50(c)(2)). After this reduction, the Board finds the subject is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: _____

September 15, 2026

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
