

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexander Glaser
DOCKET NO.: 22-27652.001-R-1
PARCEL NO.: 05-17-311-015-0000

The parties of record before the Property Tax Appeal Board are Alexander Glaser, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,512
IMPR.: \$70,488
TOTAL: \$99,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction with 2,834 square feet of living area. The dwelling is approximately 109 years old. Features of the home include a partial basement, one fireplace, and a 2-car garage. The property has an 8,640 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame construction ranging in size from 2,562 to 2,864 square feet of living area. The dwellings range in age from 99 to 110 years old. Each comparable has a full or partial basement, one fireplace, and either a 1-car or a 2-car

garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$31,500 to \$58,000 or from \$12.30 to \$20.89 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,000. The subject property has an improvement assessment of \$70,488 or \$24.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame or masonry construction ranging in size from 2,839 to 3,057 square feet of living area. The dwellings are either 101 or 102 years old. The comparables each have a full or partial basement, central air conditioning, one or two fireplaces, and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$86,102 to \$111,518 or from \$30.33 to \$36.48 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds each of the parties' comparables to be similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features requiring adjustments for these differences to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$31,500 to \$111,518 or from \$12.30 to \$36.48 per square foot of living area. The subject's improvement assessment of \$70,488 or \$24.87 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
