

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Walker
DOCKET NO.: 22-27654.001-R-1
PARCEL NO.: 05-17-403-012-0000

The parties of record before the Property Tax Appeal Board are Eric Walker, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,750
IMPR.: \$81,567
TOTAL: \$106,317

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 2,854 square feet of living area. The dwelling is approximately 119 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 7,500 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of stucco exterior construction ranging in size from 2,550 to 3,102 square feet of living area. The dwellings range in age from 105 to 112 years old. Each comparable has a full or partial basement, one or two fireplaces, and from a 1-car to a

3-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$53,350 to \$67,250 or from \$20.48 to \$23.51 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the final decision disclosing the total assessment for the subject of \$106,317. The subject property has an improvement assessment of \$81,567 or \$28.58 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on two comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction with either 2,255 or 2,766 square feet of living area. The dwellings are either 99 or 119 years old. The comparables each have a full or partial basement, one of which has finished area, central air conditioning, and a 2-car garage. Comparable #1 has one fireplace. The comparables have improvement assessments of either \$71,032 or \$100,250 or of either \$31.50 or \$36.24 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to board of review comparable #2 which is a substantially smaller home than the subject as well as having basement finish, which the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #1 which are more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features requiring adjustments for these differences to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$53,350 to \$100,250 or from \$20.48 to \$36.24 per square foot of living area. The subject's improvement assessment of \$81,567 or \$28.58 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
