

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ashland 22, LLC
DOCKET NO.: 22-28143.001-R-1
PARCEL NO.: 10-12-421-015-0000

The parties of record before the Property Tax Appeal Board are Ashland 22, LLC, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,160
IMPR.: \$16,733
TOTAL: \$24,893

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of stucco exterior construction with 1,704 square feet of gross building area and which is approximately 114 years old. Features include a full basement, 2 full bathrooms, and a two-car garage. The property has a 6,800 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables consist of class 2-11 two-story buildings of frame or frame and masonry exterior construction that are 114 to 129 years old. The buildings range in size from 1,819 to 2,016 square feet of gross building

area. Features include a full basement, 2 or 2½ bathrooms, and comparables #3 and #4 have three-car and two-car garages, respectively. The comparables have improvement assessments ranging from \$16,800 to \$22,065 or from \$8.68 to \$11.45 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$16,733 or \$9.82 per square foot of gross building area which represents the average of the comparables.

The board of review submitted its “Board of Review Notes on Appeal.” The appellant supplied a copy of the final decision disclosing the total assessment for the subject of \$29,153. The subject property has an improvement assessment of \$20,993 or \$12.32 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables consist of class 2-11 two-story buildings of frame exterior construction which are 92 to 131 years old. The buildings range in size from 1,488 to 2,512 square feet of gross building area. Two comparables have full basements and two comparables have concrete slab foundations. Each comparable has 2 full bathrooms, and three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$12,100 to \$19,336 or from \$7.70 to \$9.99 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject’s assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant’s comparables #1, #2 and #4 as well as board of review comparables #1 and #4, which each differ significantly in building size from approximately 13% to 47% when compared to the subject. The Board has given reduced weight to board of review comparable #3, due to its differing foundation type of slab when compared to the subject’s full basement.

The Board finds the best evidence of assessment equity are appellant’s comparable #3 along with board of review comparable #2, which present varying degrees of similarity to the subject. The best comparables have older ages, larger building and superior garage capacities when compared to the subject suggesting adjustments would be necessary to make them more equivalent to the subject. The best comparables in the record have improvement assessments of \$12,100 and \$18,800 or of \$7.89 and \$10.34 per square foot of gross building area. The subject's improvement assessment of \$20,993 or \$12.32 per square foot of gross building area is above the

best comparables in this record both in terms of overall improvement assessment and on a per-square-foot of gross building area basis.

Based on this record and after considering appropriate adjustments to the best comparables in the record for differences when compared to the subject, the Board finds the record establishes with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
