

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Wojtanowski
DOCKET NO.: 22-28421.001-R-1
PARCEL NO.: 11-20-102-038-0000

The parties of record before the Property Tax Appeal Board are Steven Wojtanowski, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,833
IMPR.: \$126,167
TOTAL: \$173,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 4,528 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace, and a 3.5-car garage. The property has a 15,611 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity

¹ The Board finds the best evidence of basement finish is found in the board of review's evidence where the appellant did not disclose whether or not the subject has finished basement area in the grid analysis and in Section III of the appeal petition.

comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story, class 2-04 homes of masonry or frame exterior construction ranging in size from 2,483 to 4,406 square feet of living area. The dwellings are 48 or 68 years old. Each home has a basement, central air conditioning, and a fireplace. The appellant did not disclose whether or not the comparables have finished basement area. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$58,439 to \$110,725 or from \$17.98 to \$25.44 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$103,464.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$173,000. The subject property has an improvement assessment of \$126,167 or \$27.86 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story, class 2-04 homes of masonry or frame and masonry exterior construction ranging in size from 2,129 to 4,584 square feet of living area. The dwellings range in age from 60 to 72 years old. Each home has a basement, two of which have finished area, central air conditioning, one or three fireplaces, and from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$73,200 to \$178,822 or from \$30.89 to \$39.01 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 and the board of review's comparable #1, due to substantial differences from the subject in design.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables #2 and #3, which are more similar to the subject in 1-story design, location, and some features, although these comparables are substantially smaller homes than the subject and have varying degrees of similarity to the subject in age, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$58,439 to \$79,440 or from \$17.98 to \$37.31 per square foot of living area. The subject's improvement assessment of \$126,167 or \$27.86 per square foot of living area falls above the range established by the best

comparables in this record. However, based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, such as their considerably smaller dwelling sizes, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
