

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: C. Calzavara & J. Frank
DOCKET NO.: 22-28846.001-R-1
PARCEL NO.: 10-11-311-028-0000

The parties of record before the Property Tax Appeal Board are C. Calzavara & J. Frank, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,500
IMPR.: \$50,500
TOTAL: \$65,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 5,800 square foot parcel of land improved with a 95-year-old, two-story, masonry, single-family dwelling containing 1,948 square feet of building area. The property is located in Evanston, Evanston Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant submitted data on four sales comparables. These comparables are described as two-story, frame or masonry, single-family dwellings. They range in age from 83 to 103 years and in size from 1,811 to 2,015 square feet of building area. They sold from June 2021 to May 2022 for prices ranging from \$448,750 to \$555,000 or from \$222.70 to \$178.34 per square foot of building area. The petition discloses that the subject is not an owner-occupied residence.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$65,000 which reflects a market value of \$650,000 or \$333.68 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted four sales comparables. These comparables are described as two-story, masonry, single-family dwellings. They range in age from 83 to 96 years and in size from 1,392 to 1,974 square feet of building area. They sold from February 2021 to December 2022 for prices ranging from \$680,000 to \$727,500 or from \$368.54 to \$492.10 per square foot of building area.

In rebuttal, the appellant submitted a letter arguing that the board of review included an aged sale from 2021 and that the comparables are not similar to the subject in size. The appellant also submitted a grid with all eight comparables on it.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparables #1 and #2. These comparables sold from February 2021 to January 2022 for prices ranging from \$276.09 to \$397.66 per square foot of building area. The comparables were given more weight as they are similar in construction, size, and for the board of review's comparables on the same street as the subject. In comparison, the subject's assessment reflects a market value of \$333.68 per square foot of building area which is within the range of these comparables. After making adjustments to the comparables for the subject's pertinent characteristics the Board finds the subject's market value based on the current assessment is supported. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
