

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Haren & Shobha Shah
DOCKET NO.: 22-28847.001-R-1
PARCEL NO.: 08-24-402-150-0000

The parties of record before the Property Tax Appeal Board are Haren & Shobha Shah, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,000
IMPR.: \$16,100
TOTAL: \$24,100

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,550 square feet of living area. The dwelling was built in 1963 and features a basement. The property has a 2,800 square foot site and is located in Des Plaines, Elk Grove Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on six comparable sales located within 0.10 of a mile from the subject. The parcels range in size from 2,676 to 3,371 square feet of land area and are improved with 2-story, class 2-95 homes of masonry exterior construction with 1,550 square feet of living area. The dwellings were built in 1963 and each home features a basement. The comparables sold from April 2021 to October 2022 for prices ranging from \$214,000 to \$249,000 or from

\$138.06 to \$160.65 per square foot of living area, including land. Based on this evidence the appellants requested a reduction in the subject's assessment to \$24,100.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,999. The subject's assessment reflects a market value of \$279,990 or \$180.64 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. In support of its contention of the correct assessment the board of review submitted information on four equity comparables but did not report any sales data for these properties. The Board finds these equity comparables are not responsive to the appellant's overvaluation argument and shall not further consider these comparables. The board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellants argued the board of review's comparables were not recent sales.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains six comparable sales presented by the appellants, which the Board finds are similar or identical to the subject in dwelling size, age, location, site size, and features and sold proximate in time to the assessment date. These comparables sold for prices ranging from \$214,000 to \$249,000 or from \$138.06 to \$160.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$279,990 or \$180.64 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment commensurate with the appellants' request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
