

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC Turnkey Properties
DOCKET NO.: 22-28940.001-R-1
PARCEL NO.: 29-15-300-048-0000

The parties of record before the Property Tax Appeal Board are ABC Turnkey Properties, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,429
IMPR.: \$6,784
TOTAL: \$10,213

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction containing 1,125 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a full basement and a 2-car garage. The property has an approximately 7,620 square foot site and is located in South Holland, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same assessment neighborhood code as the subject and from 1.1 to 1.7 miles from the subject property. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,260 to 1,422 square feet of living area. The dwellings range in age from 58 to 64 years old. Each comparable has a full basement and from a 2-car to a 3-car garage. Two comparables have central air conditioning.

The comparables have improvement assessments that range from \$6,217 to \$6,735 or from \$4.74 to \$4.96 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$5,490 or \$4.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,213. The subject property has an improvement assessment of \$6,784 or \$6.03 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject and on the same block, subarea and within .25 of a mile from the subject property. The comparables are improved with class 2-03, 1-story dwellings of frame and masonry exterior construction ranging in size from 1,116 to 1,207 square feet of living area. The dwellings are 54 or 55 years old. Each comparable has a partial or full basement and a 1-car or a 2-car garage. Two comparables have central air conditioning and one comparable has a fireplace. The comparables have improvement assessments that range from \$8,393 to \$8,729 or from \$7.13 to \$7.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their distance of over one mile away from the subject property.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board finds that these comparables are most similar to the subject in age, location, design, dwelling size and some features. These most similar comparables have improvement assessments ranging from \$8,393 to \$8,729 or from \$7.13 to \$7.82 per square foot of living area. The subject's improvement assessment of \$6,784 or \$6.03 per square foot of living area, which falls below the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
