

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Chan
DOCKET NO.: 22-29158.001-R-1
PARCEL NO.: 08-33-415-033-0000

The parties of record before the Property Tax Appeal Board are Christopher Chan, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,160
IMPR.: \$22,737
TOTAL: \$28,897

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,378 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a slab foundation and a 1-car garage. The property has a 7,700 square foot site and is located in Elk Grove Village, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject and within 0.58 of a mile from the subject. The comparables are improved with 1-story, class 2-03 homes of wood/masonry exterior construction ranging in size from 1,278 to 1,421 square feet of living

area. The dwellings range in age from 59 to 61 years old. Three homes have a slab foundation and two homes have crawl space foundation. Three homes have central air conditioning. Each comparable has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$14,158 to \$20,256 or from \$11.08 to \$14.25 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$18,589.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,897. The subject property has an improvement assessment of \$22,737 or \$16.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on twelve equity comparables¹ located within the same assessment neighborhood code as the subject and on the same block or 0.25 of a mile from the subject. The comparables are improved with 1-story, class 2-03 homes of frame and masonry exterior construction with 1,378 square feet of living area. The dwellings range in age from 59 to 62 years old. Eight homes have a crawl space foundation, three homes have a basement, and one home has a slab foundation. Nine homes have central air conditioning and one home has a fireplace. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$22,760 to \$25,080 or from \$16.52 to \$18.20 per square foot of living area.

The board of review also reported the subject property sold in November 2020 for a price of \$320,000. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4, which is less similar to the subject in dwelling size than the other comparables in this record. The Board gives less weight to the appellant's comparables #2, #3, and #5 and board of review's comparables #1, #2, #4, #5, #6, #8, #9, #11 and #12, due to substantial differences from the subject in foundation type or have central air conditioning amenity that is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables #3, #7, and #10, which are identical or more similar to the

¹ The comparables are presented in three grid analyses with comparables each numbered #1 through #4. The Board has renumbered the comparables as #1 through #12 for ease of reference.

subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$20,256 to \$23,560 or from \$14.25 to \$17.10 per square foot of living area. The subject's improvement assessment of \$22,737 or \$16.50 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
