

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanley Mozdzen
DOCKET NO.: 22-29421.001-R-1
PARCEL NO.: 32-10-201-019-0000

The parties of record before the Property Tax Appeal Board are Stanley Mozdzen, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,562
IMPR.: \$33,168
TOTAL: \$39,730

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry construction with 6,270 square feet of living area. The dwelling was constructed in 1974. The property has a 17,500 square foot site. The subject is classified as a Class 2-11 property under the Cook County Real Property Assessment Classification Ordinance. The subject property located in Bloom Township, Cook County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant completed Section IV of the Residential Appeal petition indicating the subject property sold in June 2019 for \$266,000. The appeal petition revealed the subject property was advertised for sale in the open market for 60 days with a realtor and the parties to the transaction were unrelated. The appellant submitted a copy of the settlement statement as evidence of the subject's sale price. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the 2019 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,730. The subject's assessment reflects a market value of \$397,300 or \$63.37 per square foot of living area including land when applying Cook County Real Property Assessment Classification Ordinance level of assessment for Class 2 property of 10%.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located along the same street as the subject and within the subject's neighborhood code. The comparables consist of three-story multi-family dwelling of masonry construction that were built from 1974 to 1977. The dwellings contain 6,270 square feet of living area and are situated in sites that contain 14,797 or 15,120 square feet of land area. The comparables sold from May 2021 to January 2022 for prices ranging from \$324,990 to \$439,897 or from \$51.83 to \$70.17 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The Board gave little weight to the subject's June 2019 sale price of \$266,000. The Board finds the sale is dated occurring over two years prior to subject's January 1, 2022, assessment date. The Board finds the subject's sale did not occur proximate in time to the assessment date and to be a credible indicator of value.

The Board finds the best evidence of market value in the record to be the three comparable sales submitted by the board of review. These comparables were generally similar to the subject in location, design, age and dwelling size. These properties sold more proximate in time to the assessment date at issue than the subject's June 2019 sale. The comparables sold from May 2021 to January 2022 for prices ranging from \$324,990 to \$439,897 or from \$51.83 to \$70.17 per square foot of living area including land. The subject's assessment reflects a market value of \$397,300 or \$63.37 per square foot of living area including land, which falls within the range established by the similar comparable sales contained in this record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject estimated market value as reflected by its assessment is supported. Based this analysis, the Property Tax Appeal Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
