FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: John Tuzson
DOCKET NO.: 22-29835.001-R-1
PARCEL NO.: 11-19-102-018-0000

The parties of record before the Property Tax Appeal Board are John Tuzson, the appellant(s), by attorney Edwin M. Wittenstein, of Worsek & Vihon LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$21,621
IMPR.:	$68,308
TOTAL:	$89,929

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 94-year-old, two-story, single-family dwelling of frame construction with 2,604 square feet of living area. Features of the home include a full basement and a 3.5-car garage. The property has a 9,828 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a Class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on seven Class 2-06 comparables with varying degrees of similarity to the subject. The appellant did not disclose the proximity of the comparables to that of the subject property but did indicate that the comparables were within the same neighborhood code as the subject property. The comparables had improvement assessments

ranging from $15.99 to $25.21 per square foot of living area. The appellant requested the subject's total assessment be reduced to $68,468.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $89,929. The subject property has an improvement assessment of $68,308 or $26.23 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four Class 2-06 suggested equity comparables with varying degrees of similarity to the subject. Three of the comparable properties were located within a quarter of a mile from the subject property and one of the comparable properties was located within a block from the subject property. The comparables had improvement assessments that ranged from $25.33 to $29.78 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

This case was scheduled for hearing before a PTAB Administrative Law Judge for September 18, 2026; however, the parties entered into a written agreement to waive hearing and have a decision rendered based on the previously submitted evidence. The PTAB accepted the waiver and agreed to write the decision based on the previously submitted evidence.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and that a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #6 and the board of review's comparables #1, #2, and #4. These comparables had improvement assessments that ranged from $15.99 to $29.78 per square foot of living area. The subject's improvement assessment of $26.23 per square foot of living area falls within the range established by the best comparables in this record. After considering all the comparables submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering the best comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
