

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christa & Alex Solotorovsky
DOCKET NO.: 22-30751.001-R-1
PARCEL NO.: 11-19-208-033-0000

The parties of record before the Property Tax Appeal Board are Christa & Alex Solotorovsky, the appellants, by attorney Holly Zeilinga, of Worssek & Vihon LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,501
IMPR.: \$76,500
TOTAL: \$94,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,607 square feet of living area. The dwelling is approximately 125 years old. Features of the home include a basement with finished area¹ and a fireplace. The property has a 4,590 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The

¹ The Board finds the best evidence of the subject's basement finish is found in the board of review's evidence where the appellant did not disclose in Section III of the petition whether or not the subject has finished basement area and reported "N/A" in the grid analysis.

comparables are improved with 2-story, class 2-10 homes of masonry or frame exterior construction ranging in size from 3,004 to 3,098 square feet of living area. The dwellings range in age from 117 to 129 years old. Three homes have a basement and one home has a slab foundation. Each home has central air conditioning, one or two fireplaces, and from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$59,266 to \$69,500 or from \$19.73 to \$22.56 per square foot of living area. Based on this evidence the appellants requested a reduction in the subject's improvement assessment to \$51,436.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,001. The subject property has an improvement assessment of \$76,500 or \$29.34 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables² located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-10 homes of frame exterior construction ranging in size from 2,100 to 2,662 square feet of living area. The dwellings range in age from 99 to 129 years old. Each home has a basement. Five homes have central air conditioning, seven homes each have one or two fireplaces, and five comparables have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$63,000 to \$80,500 or from \$29.32 to \$32.49 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables and the board of review's comparables #1, #2, #4, #7 and #8, due to substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the board of review's comparables #3, #5, and #6, which are more similar to the subject in dwelling size, age, location, and some features, although these comparables have central air conditioning and a garage unlike the subject, lack basement finish that is a feature of the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$70,716 to \$80,500 or from \$29.32 to \$32.49 per square foot of living area. The subject's improvement assessment of \$76,500 or \$29.34 per

² The board of review presented the comparables on two grid analyses each numbered #1 through #4. The Board has renumbered the comparables as #1 through #8.

square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
