Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels of land totaling 6,250 square feet and improved with a 52-year-old, one-story, masonry, commercial building containing approximately 2,950 square feet of building area. The property is located in Niles, Maine Township, Cook County and is classified as a class 5 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal which estimated the subject's market value as of January 1, 20242 of $250,000. The appraiser utilized sales comparison approach to value to estimate the subject's market value. The appraisal disclosed the subject was inspected on March 21, 2023 and opined that the highest and best use was its commercial use.

Under the sales comparison approach, the appraiser analyzed four comparables in arriving at the estimate of value. The sales properties are described as one-story, masonry, commercial buildings ranging in size from 1,500 to 6,672 square feet of building area. They sold from August to November 2021 for prices ranging from $95,000 to $420,000 or from $62.95 to $112.50 per square foot of building area. After making adjustments for pertinent factors, the appraiser opined a value for the subject under the sales comparison approach of $85.00 per square foot of building area or $250,000, rounded.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of $67,850 which reflects a market value of $271,400 using the Cook County Real Estate Classification Ordinance level of assessment for class 5 property of 25%. No further evidence was submitted.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The current assessment reflects a market value above this value. The Board finds this appraisal to be persuasive because the appraisal discloses that the appraiser inspected the subject, reviewed the property's history, and used similar properties in the sales comparison approach. Therefore, the Board finds the subject property's market value of $250,000 as of the assessment date at issue. Since market value has been established the Cook County Real Estate Classification Ordinance level of assessment for class 5 property of 25% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
