

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leanne Spiegel  
DOCKET NO.: 22-31802.001-R-1  
PARCEL NO.: 02-19-430-045-0000

The parties of record before the Property Tax Appeal Board are Leanne Spiegel, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,392  
**IMPR.:** \$27,591  
**TOTAL:** \$34,983

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 1,975 square feet of living area. The dwelling is approximately 43 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has an 8,214 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-07 homes of frame exterior construction ranging in size from 1,919 to 1,999 square feet of living area. The dwellings are either 45 or 46 years old. Three

comparables each have a partial basement and two comparables each have a crawl space foundation. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$19,578 to \$25,083 or from \$10.20 to \$12.55 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement to \$22,653.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,983. The subject property has an improvement assessment of \$27,591 or \$13.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparable is improved with 2-story, class 2-07 homes of frame exterior construction ranging in size from 1,919 to 2,000 square feet of living area. The dwellings are either 43 or 45 years old. Each comparable has a partial basement, one of which has finished area, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$28,104 to \$32,619 or from \$14.39 to \$16.80 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board finds each of the parties' comparables is similar to the subject in location, design/class, age, and dwelling size. Nevertheless, the Board gives less weight to the appellant's comparables #2 and #3 which lack a basement foundation, which is a feature of the subject. The seven remaining comparables have improvement assessments ranging from \$19,578 to \$32,619 or from \$10.20 to \$16.80 per square foot of living area. The subject's improvement assessment of \$27,591 or \$13.97 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
