

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Tom Rochfort
DOCKET NO.: 22-31805.001-R-1
PARCEL NO.: 02-22-200-010-0000

The parties of record before the Property Tax Appeal Board are Tom Rochfort, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$4,320
IMPR.:	\$22,680
TOTAL:	\$27,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property is improved with a one-story dwelling of frame construction containing 1,356 square feet of living area. The dwelling is approximately 80 years old. Features of the property include a full unfinished basement, one fireplace, one bathroom, and a 1.5-car garage. The property has a 7,200 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-03 properties improved with one-story dwellings of frame

¹ The appellant's counsel originally requested a hearing before the Property Tax Appeal Board but subsequently withdrew the request for a hearing.

exterior construction that range in size from 1,080 to 1,628 square feet of living area. The dwellings range in age from 68 to 70 years old. Two comparables have a partial basement, two comparables have slab foundations and one comparable has a crawl space foundation. Each property has one or two fireplaces, a 2-car garage, and 1, 1½, or 2 bathrooms. Two comparables have central air conditioning. These properties have the same assessment neighborhood code as the subject property and are located from .37 to .67 of a mile from the subject property. The comparables have improvement assessments ranging from \$12,880 to \$17,880 or from \$10.03 to \$12.40 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$15,635.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,000. The subject property has an improvement assessment of \$22,680 or \$16.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-03 properties improved with one-story dwellings of frame construction that range in size from 1,224 to 1,416 square feet of living area. The homes range in age from 60 to 71 years old. Each property has a full or partial basement with two having finished area, and a 1-car, 1.5-car or 2-car garage. One comparable has one fireplace and each property has 1, 1½ or 2 bathrooms. These properties have the same assessment neighborhood code as the subject and are located ¼ of a mile from the subject property. The comparables have improvement assessments ranging from \$20,869 to \$30,665 or from \$16.98 to \$24.55 per square foot of living area. The board of review asserted the building assessed value per square foot for the comparables are the same or higher than the subject, which supports the assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to the appellant's comparables due to differences from the subject dwelling in size and/or foundation. The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject dwelling in size than are the comparables submitted by the appellant as well as the fact each property has a full or partial basement, somewhat similar to the subject's foundation. The board of review comparables have varying degrees of similarity to the subject in features that would require adjustments to make them more equivalent to the subject property for any differences. Nevertheless, these comparables have improvement assessments that range from \$20,869 to \$30,665 or from \$16.98 to \$24.55 per square foot of living area. The subject's improvement assessment of \$22,680 or \$16.73 per square foot of living area falls within the range of the total improvement assessments

but is below the range on a per square foot of living area basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
