

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Daniel Restelli
DOCKET NO.: 22-31820.001-R-1
PARCEL NO.: 02-14-214-019-0000

The parties of record before the Property Tax Appeal Board are Daniel Restelli, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$7,985
IMPR.:	\$32,079
TOTAL:	\$40,064

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property is improved with a two-story dwelling of frame and masonry exterior construction with 2,516 square feet of living area. The dwelling is approximately 52 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and a 2-car garage. The property has a 9,982 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame and

masonry exterior construction that range in size from 2,457 to 2,754 square feet of living area. The homes range in age from 53 to 61 years old. Each property has a full or partial basement, one or two fireplaces, 2 or 2½ bathrooms, and a 1.5-car or 2-car garage. Three comparables have central air conditioning. The comparable have the same assessment neighborhood code as the subject property and are located from .08 to .51 of a mile from the subject property. Their improvement assessments range from \$22,240 to \$29,177 or from \$8.08 to \$11.28 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$26,116.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,064. The subject property has an improvement assessment of \$32,079 or \$12.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame or frame and masonry construction each with 2,497 square feet of living area. Each dwelling is 53 years old. Each comparable has a full basement with one having finished area, central air conditioning, one fireplace, two full bathrooms, one or two half bathrooms, and a 2-car garage. These properties have the same assessment neighborhood code as the subject property and are located in the same block or ¼ of a mile from the subject property. These properties have improvement assessments of \$33,014 and \$33,048 or \$13.22 and \$13.24 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #2 and #4 as neither property has central air conditioning, which is a feature of the subject property. The Board gives less weight to appellant's comparables #1 and #3 as these two comparables are less similar to the subject in size than the best comparables in this record. The Board gives less weight to appellant's comparable #5 as this property is the least similar to the subject in age. The Board finds the best evidence of assessment equity to be the board of review comparables that are each improved with a 53-year-old dwelling with 2,497 square feet of living area. The homes have relatively similar features as the subject property. The board of review comparables have improvement assessments of \$33,014 and \$33,048 or \$13.22 and \$13.24 per square foot of living area. The subject's improvement assessment of \$32,079 or \$12.75 per square foot of living area falls below the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
