

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Cynthia Blidt  
DOCKET NO.: 22-31821.001-R-1  
PARCEL NO.: 02-14-406-016-0000

The parties of record before the Property Tax Appeal Board are Cynthia Blidt, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>LAND:</b>	\$6,804
<b>IMPR.:</b>	\$23,256
<b>TOTAL:</b>	\$30,060

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.<sup>1</sup>

### **Findings of Fact**

The subject property is improved with a one-story dwelling of frame construction containing 1,776 square feet of living area. The dwelling is approximately 46 years old. Features of the property include a full basement with a formal recreation room, central air conditioning, two bathrooms, and a 2-car garage. The property has an 11,340 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-03 properties improved with one-story dwellings of frame

construction that range in size from 1,532 to 1,754 square feet of living area. Three comparables have a full or partial basement, one comparable has a slab foundation and one comparable has a crawl space foundation. Each comparable has one or two fireplaces and 1, 2, 2½ or 3 bathrooms. One comparable has central air conditioning and four comparables each have a 2-car garage. These properties have the same assessment neighborhood code as the subject property and are located from 1.28 to 1.54 miles from the subject property. The comparables have improvement assessments ranging from \$13,500 to \$17,199 or from \$8.34 to \$11.23 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$17,423.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,060. The subject property has an improvement assessment of \$23,256 or \$13.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-03 properties improved with one-story dwellings of frame construction that range in size from 1,365 to 1,537 square feet of living area. The homes range in age from 38 to 58 years old. Each property has a full basement with one having finished area, a 2-car garage, and 1, 1½ or 2 bathrooms. Three comparables have central air conditioning and two comparables each have one fireplace. The comparables have the same assessment neighborhood code as the subject property and are located ¼ of a mile from the subject property. Their improvement assessments range from \$18,890 to \$26,628 or from \$13.84 to \$17.40 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and assessment neighborhood code as the subject property to support their respective positions. The Board gives less weight to the appellant's comparables due to differences from the subject in location, foundation and/or age. The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject in location than are the comparables provided by the appellant. The board of review comparables are relatively similar to the subject in features with the primary difference being each home is smaller than the subject dwelling that would require upward adjustments to make them more equivalent to the subject in size. Nevertheless, the board of review comparables have improvement assessments that range from \$18,890 to \$26,628 or from \$13.84 to \$17.40 per square foot of living area. The subject's improvement assessment of \$23,256 or \$13.09 per square foot of living area falls within the range of the total improvement assessments but below the range on a per square foot of living area basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
