

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Yudong Ming
DOCKET NO.: 22-31823.001-R-1
PARCEL NO.: 02-18-313-040-0000

The parties of record before the Property Tax Appeal Board are Yudong Ming, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,733
IMPR.: \$36,927
TOTAL: \$46,660

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction containing 3,117 square feet of living area. The dwelling is approximately 34 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and a 3-car garage. The property has a 9,270 square foot site located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-78 properties improved with two-story dwellings of frame

construction that range in size from 3,209 to 3,579 square feet of living area. The homes range in age from 33 to 39 years old. Each property has a full or partial basement, central air conditioning, one fireplace, 2½ bathrooms, and a 2-car or 3-car garage. The comparables have the same assessment neighborhood code as the subject property and are located from .71 to .80 of a mile from the subject property. The comparables have improvement assessments ranging from \$23,500 to \$26,116 or from \$7.22 to \$7.67 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$23,097.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,660. The subject property has an improvement assessment of \$36,927 or \$11.85 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame construction that range in size from 2,880 to 3,055 square feet of living area. The dwellings range in age from 35 to 43 years old. Each property has a full or partial unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and a 2-car or 3-car garage. The comparables have the same assessment neighborhood code as the subject property and are located in the same block or ¼ of a mile from the subject property. These properties have improvement assessments ranging from \$37,072 to \$39,610 or from \$12.36 to \$13.39 per square foot of living area.

The board of review also stated the subject property was purchased for \$490,000 in an arm's length transaction. To support this statement the copy of the warranty deed executed on July 1, 2019, and filed on July 18, 2019.²

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables are improved with dwellings similar to the subject in age, style and most features. The Board, however, gives less weight to the appellant's comparables due to differences from the subject property in location and/or size. The Board finds the best evidence of assessment equity to be board of review comparables that are overall more similar to the subject property in location and dwelling size. The board of review comparables have improvement assessments that range from \$37,072 to \$39,610 or from \$12.36 to \$13.39 per square foot of living area. The subject's improvement assessment of \$36,927 or \$11.85 per square foot of living area falls below

² As the appellant's argument is based on assessment inequity the Board will no longer address the subject's July 2019 purchase as this evidence does not address the appellant's argument.

the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
