

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 3012 W FULTON LLC
DOCKET NO.: 22-32117.001-R-1
PARCEL NO.: 16-12-305-011-0000

The parties of record before the Property Tax Appeal Board are 3012 W FULTON LLC, the appellant(s), by attorney Kenneth D. Flaxman, of Attorney & Counsellor at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,406
IMPR.: \$19,092
TOTAL: \$23,498

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to Section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 128-year-old, two-story building of masonry construction. It contains 5,719 square feet of gross building area. Features of the subject include a partial basement containing an apartment. The property is situated on 3,75 square feet of land in West Chicago Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the bases of the appeal. In support of the overvaluation argument, the appellant submitted information on three suggested comparable sales. In support of the assessment inequity argument, the appellant submitted information on ten suggested equity comparable properties.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,346. The subject property has an improvement assessment of \$30,940, or \$5.41 per square foot of living area. The subject's assessment reflects a market value of \$353,460, or \$61.80 per square foot of living area including land, when applying the 2022 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparable properties.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant also argued the board of review did not submit suggested sale comparable properties in support of the assessment. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. *86 Ill.Admin.Code §1910.63(e)*. Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. *86 Ill.Admin.Code §1910.65(c)*. The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparable sale(s) #1 and #2. These comparable properties sold for prices ranging from \$25.86 to \$47.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$61.80 per square foot of living area including land, which is above the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment based on overvaluation is justified.

The appellant also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. *86 Ill.Admin.Code §1910.63(e)*. Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question and recommended not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. *86 Ill.Admin.Code §1910.65(b)*. Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed. See Central Nursing Realty, LLC v. Illinois Property Tax Appeal Board, 2020 IL App (1st) 180994, ¶¶ 34-36, thereby obviating the need to rule on the appellant's assessment inequity argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
