

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Del Sol Enterprises Inc.
DOCKET NO.: 22-32267.001-R-1
PARCEL NO.: 17-21-300-013-0000

The parties of record before the Property Tax Appeal Board are Del Sol Enterprises Inc., the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,200
IMPR.: \$18,456
TOTAL: \$25,656

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of frame and masonry exterior construction with 1,974 square feet of building area. The building is approximately 135 years old. Features include a basement and a 1.5-car garage. The property has a 2,400 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 2-story, class 2-11 buildings of frame exterior construction ranging in size from 1,848 to 2,080 square feet of building area. The buildings range in age from 125 to 149 years old. Each comparable has a basement finished with a

recreation room or an apartment, and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$17,072 to \$19,872 or from \$8.63 to \$9.82 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$18,456.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,968. The subject property has an improvement assessment of \$32,768 or \$16.60 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 buildings of frame or masonry exterior construction ranging in size from 1,320 to 2,113 square feet of building area. The buildings range in age from 29 to 148 years old. Two comparables have a slab foundation and two comparables have a basement, one of which is finished with an apartment. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$28,501 to \$45,915 or from \$17.29 to \$23.15 per square foot of building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 and the board of review's comparables, due to substantial differences from the subject in design, building size, age, garage amenity, and/or foundation type.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, and #5, which are more similar to the subject in design, building size, age, location, and some features, although these comparables have finished basement area unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$17,072 to \$18,144 or from \$8.63 to \$9.82 per square foot of building area. The subject's improvement assessment of \$32,768 or \$16.60 per square foot of building area falls above the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
