

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Don Rischow  
DOCKET NO.: 22-32559.001-R-1  
PARCEL NO.: 02-07-103-011-0000

The parties of record before the Property Tax Appeal Board are Don Rischow, the appellant, by Abby L. Strauss, attorney-at-law of Schiller Law P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,973  
**IMPR.:** \$53,707  
**TOTAL:** \$76,680

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of frame and masonry exterior construction containing 5,316 square feet of living area. The dwelling is approximately 34 years old. Features of the property include a full basement, central air conditioning, two fireplaces, 4½ bathrooms, and a 3-car garage. The property has a 76,578 square foot site located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-09 properties improved with two-story dwellings of masonry or frame and masonry exterior construction that range in size from 5,397 to 5,557 square feet of living area. The homes range in age from 18 to 39 years old. Each property has a full basement,

central air conditioning, one or two fireplaces and a 3-car, 3.5-car or 4-car garage. The comparables have 2, 3 or 4 full basements, and 1 or 2 half bathrooms. These properties have the same assessment neighborhood code as the subject property and are located from .79 to 1.78 miles from the subject property. Their improvement assessments range from \$39,000 to \$51,275 or from \$7.02 to \$9.49 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$43,272.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,880. The subject property has an improvement assessment of \$53,707 or \$10.10 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables consisting of class 2-09 properties improved with two-story dwellings of frame and masonry exterior construction that range in size from 5,082 to 6,231 square feet of living area. The homes range in age from 36 to 39 years old. Each property has a full basement with one having finished area, central air conditioning, three or six full bathrooms, one or two half bathrooms, and a 3.5-car or 4-car garage. The comparables also have one, two or four fireplaces. These properties have the same assessment neighborhood code as the subject property and are located in the "subarea." The comparables have improvement assessments ranging from \$56,867 to \$77,123 or from \$11.19 to \$12.40 per square foot of living area.

In rebuttal the appellant's counsel asserted the subject dwelling has 5,316 square feet of living area while board of review comparable #2 has 6,231 square feet of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seven equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparable #4 due to differences from the subject dwelling in age. The Board gives less weight to board of review comparable #2 due to differences from the subject in dwelling size. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #3 as well as board of review comparables #1 and #3 that range in size from 5,082 to 5,557 square feet of living area and in age from 34 to 39 years old. The comparables have similar features as the subject property. These five comparables have improvement assessments that range from \$39,000 to \$65,427 or from \$7.02 to \$12.40 per square foot of living area. The subject's improvement assessment of \$53,707 or \$10.10 per square foot of living area falls within the range established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels, all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
