

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greg Vogt
DOCKET NO.: 22-32568.001-R-1
PARCEL NO.: 02-26-105-012-0000

The parties of record before the Property Tax Appeal Board are Greg Vogt, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,377
IMPR.: \$30,623
TOTAL: \$44,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,718 square feet of living area. The dwelling is 45 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a 2-car garage. The property has a 19,110 square foot site and is located in Rolling Meadows, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six comparables located within the subject's assessment neighborhood and within 0.40 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,704 to 3,449 square feet of living area. The dwellings are 21

to 61 years old. Five comparables each have a partial or a full basement, and one comparable has a slab foundation. Each comparable has central air conditioning and from a 1-car to a 3-car garage. Five comparables each have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$21,500 to \$27,770 or from \$6.99 to \$9.49 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,000. The subject property has an improvement assessment of \$30,623 or \$11.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and approximately ¼ of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 2,657 to 2,987 square feet of living area. The dwellings are 36 or 55 years old. Each comparable has a partial or a partial or a full basement, central air conditioning and a 2-car garage. Three comparables have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$33,265 to \$35,896 or from \$11.50 to \$13.08 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #5 due to considerable differences in their age, dwelling size and/or foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and #6 as well as the board of review's comparables which are overall more similar to the subject in age, dwelling size, location and other features. These six comparables have improvement assessments ranging from \$21,500 to \$35,896 or from \$7.95 to \$13.08 per square foot of living area. The subject's improvement assessment of \$30,623 or \$11.27 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
