

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Paul Barry  
DOCKET NO.: 22-32572.001-R-1  
PARCEL NO.: 02-29-203-007-0000

The parties of record before the Property Tax Appeal Board are Paul Barry, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,976  
**IMPR.:** \$92,024  
**TOTAL:** \$107,000

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 7,286 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a full basement, central air conditioning, 2 fireplaces, and a 3-car garage. The property has a 49,920 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within a different assessment neighborhood than the subject property and from 2.54 to 5.88 miles from the subject property. The comparables consist of class 2-09, 2-story dwellings of frame and masonry exterior construction ranging in size from 6,978 to 7,503 square feet of

living area. The dwellings are 13 to 38 years old. Each comparable has a partial or a full basement, central air conditioning, 1 or 2 fireplaces and from a 2-car to a 4-car garage. The comparables have improvement assessments that range from \$52,583 to \$82,533 or from \$7.36 to \$11.00 per square foot of living area. The appellant requested the improvement assessment of the subject property be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,000. The subject property has an improvement assessment of \$92,024 or \$12.63 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately  $\frac{1}{4}$  of a mile from the subject. The comparables consist of class 2-09, 2-story dwellings of masonry exterior construction ranging in size from 6,245 to 7,746 square feet of living area. The dwellings are 25 to 32 years old. Each comparable has a full basement, central air conditioning, 1 to 4 fireplaces and a 3-car, a 3.5-car or a 4-car garage. The comparables have improvement assessments that range from \$84,801 to \$111,093 or from \$13.29 to \$14.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant compared the different dwelling sizes and/or construction types of the board of review comparables to the subject property.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their more distant proximities of 2.54 to 5.88 miles away from the subject property. In addition, the appellant's comparables #2 and #3 are also less similar to the subject in age than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review comparables that are located within the subject's assessment neighborhood and approximately  $\frac{1}{4}$  of a mile away from the subject property. In addition, these comparables are also similar to the subject in age, dwelling size and some features. These three comparables have improvement assessments ranging from \$84,801 to \$111,093 or from \$13.58 to \$14.34 per square foot of living area. The subject's improvement assessment of \$92,024 or \$12.63 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
