

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Joel Popescu  
DOCKET NO.: 22-32580.001-R-1  
PARCEL NO.: 02-23-215-029-0000

The parties of record before the Property Tax Appeal Board are Joel Popescu, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>LAND:</b>	\$8,150
<b>IMPR.:</b>	\$53,849
<b>TOTAL:</b>	\$61,999

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 3,608 square feet of living area. The dwelling is 15 years old. Features of the home include a full basement, central air conditioning and a 2-car garage. The property has a 13,583 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six comparables located within the subject's assessment neighborhood and within 0.27 of a mile to 2.90 miles from the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 3,421 to 3,683 square feet of living area. The dwellings are 19 to 38 years old. Each comparable has a partial or a full basement, central air conditioning, a

fireplace and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$42,029 to \$48,104 or from \$12.01 to \$13.06 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,000. The subject property has an improvement assessment of \$53,850 or \$14.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately  $\frac{1}{4}$  of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 3,091 to 3,700 square feet of living area. The dwellings are 8 to 18 years old. Each comparable has a full basement, central air conditioning and a 2-car or a 3-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$55,649 to \$61,848 or from \$15.04 to \$18.97 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant compared the different living area between the subject dwelling and the board of review comparables.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #4, #5 and #6 which are less similar to the subject in age and/or are located from 1.99 to 2.90 miles away from the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparables which are overall more similar to the subject in location, design, age, dwelling size and/or other features. These four comparables have improvement assessments ranging from \$44,199 to \$61,848 or from \$12.92 to \$18.97 per square foot of living area. The subject's improvement assessment of \$53,850 or \$14.93 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
