

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sheila Moran
DOCKET NO.: 22-32849.001-R-1
PARCEL NO.: 02-21-109-010-0000

The parties of record before the Property Tax Appeal Board are Sheila Moran, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,027
IMPR.: \$41,954
TOTAL: \$50,981

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,325 square feet of living area. The home is approximately 18 years old. Features include a full basement, central air conditioning, two fireplaces, and a 3-car garage. The property has a 10,030 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and from 0.02 of a mile to 1.77 miles from the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,936 to 3,515 square feet of living area. The homes range in age from 22 to 35 years old. Three comparables each have a full or

partial basement and two comparables each have a slab foundation. Each comparable has central air conditioning, one fireplace, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$31,520 to \$42,269 or from \$9.70 to \$12.58 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,981. The subject property has an improvement assessment of \$41,954 or \$12.62 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and ¼ of a mile from the subject property. The comparables are improved with 2-story, class 2-78 dwellings of stucco or frame and masonry exterior construction ranging in size from 2,797 to 3,425 square feet of living area. The homes range in age from 21 to 50 years old. Each comparable has a full or partial basement, central air conditioning, and a 2-car or a 3-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$37,319 to \$49,330 or from \$12.55 to \$14.40 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparable #4 due to substantial differences in location, dwelling size and/or foundation type relative to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are more similar to the subject in location, design/class and dwelling size with varying degrees of similarity in age and other features. Two comparables are considerably older homes than the subject suggesting upward adjustments would be necessary to make them more equivalent to the subject. Nevertheless, the best comparables have improvement assessments ranging from \$37,319 to \$49,330 or from \$12.55 to \$14.40 per square foot of living area. The subject's improvement assessment of \$41,954 or \$12.62 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
