

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brett Kaufman  
DOCKET NO.: 22-32884.001-R-1  
PARCEL NO.: 12-25-228-041-0000

The parties of record before the Property Tax Appeal Board are Brett Kaufman, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd., in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,999  
**IMPR.:** \$37,000  
**TOTAL:** \$42,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story townhouse dwelling of masonry exterior construction with 2,399 square feet of living area. The dwelling is approximately 7 years old. Features include a concrete slab foundation,<sup>1</sup> 3½ bathrooms, central air conditioning, and a two-car garage. The property has a 1,120 square foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.<sup>2</sup>

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

<sup>1</sup> The appellant did not refute the board of review evidence of foundation type for the subject and provided nothing to support a full basement with an “apartment.”

<sup>2</sup> Class 2-95 is defined as “Individually owned townhome or row house up to 62 years of age.”

comparables along with property characteristics sheets that were used to correct/add missing bathroom information to the grid analysis. Each comparable is located in the same neighborhood code as the subject. The comparables consist of class 2-95 three-story townhouse dwellings of masonry exterior construction. The dwellings are 18 years old and contain 2,436 square feet of living area. Features include 2½ bathrooms, central air conditioning, and a two-car garage. The comparables have improvement assessments of \$29,000 or of \$11.90 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$28,548 or \$11.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,999. The subject property has an improvement assessment of \$37,000 or \$15.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code, the same block, and the same street as the subject. The comparables consist of class 2-95 three-story dwellings of masonry exterior construction that are 7 years old. The homes contain 2,399 square feet of living area. The comparables have concrete slab foundations, 3½ bathrooms, central air conditioning, and a two-car garage. The comparables have improvement assessments of \$37,000 or of \$15.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted on this record.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables, due to differences in age, bathroom count, dwelling size and foundation type when compared to the subject.

The Board finds the best evidence of assessment equity in the record to be the board of review comparables, which are each identical to the subject in age, design, exterior construction, foundation type, and features. The comparables presented by the board of review are each identical to the subject in improvement assessment as well. The Board finds these comparables have improvement assessments of \$37,000 or \$15.42 per square foot of living area. The subject's improvement assessment of \$37,000 or \$15.42 per square foot of living area is identical to the best comparables both in terms of overall improvement assessment and on a per-square-foot of living area basis. Based on this record, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
