

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nayan Parikh
DOCKET NO.: 22-32916.001-R-1
PARCEL NO.: 02-19-134-008-0000

The parties of record before the Property Tax Appeal Board are Nayan Parikh, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,030
IMPR.: \$25,969
TOTAL: \$30,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,742 square feet of living area. The dwelling is approximately 43 years old. Features include a slab foundation, central air conditioning, one fireplace, and a 2-car garage. The board of review disclosed that the subject had other improvements, but additional details were not provided. The property has a 5,589 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-07 dwellings of frame exterior construction ranging in size from 1,919 to 1,999 square feet of living area. The homes are either 45 or 46 years old. Three

comparables each have a partial basement and two comparables each have a crawl space foundation. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$19,578 to \$25,083 or from \$10.20 to \$12.55 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,999. The subject property has an improvement assessment of \$25,969 or \$14.91 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood. The comparables are improved with 2-story, class 2-07 dwellings of frame or frame and masonry exterior construction ranging in size from 1,556 to 1,603 square feet of living area. The homes are each 43 years old. Three comparables each have a partial basement and one comparable has a crawl space foundation. Three comparables each have central air conditioning. One comparable has one fireplace. Each comparable has a 2-car garage. Comparable #4 was reported to have other improvements, but additional details were not provided. The comparables have improvement assessments ranging from \$24,396 to \$27,897 or from \$15.51 to \$17.40 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration located in the subject's neighborhood. The Board gives less weight to the appellant's comparables #1, #4, and #5 as well as board of review comparables #2, #3, and #4 which feature basement foundations, in contrast to the subject's slab foundation, and/or lack central air conditioning, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 as well as board of review comparable #1 which each lack a basement foundation, like the subject, and are relatively similar to the subject in design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$20,451 to \$26,006 or from \$10.48 to \$16.53 per square foot of living area. The subject's improvement assessment of \$25,969 or \$14.91 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
