

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rebecca Milsk
DOCKET NO.: 22-33027.001-R-1
PARCEL NO.: 09-36-330-044-0000

The parties of record before the Property Tax Appeal Board are Rebecca Milsk, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,710
IMPR.: \$24,190
TOTAL: \$34,900

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 56-year-old, multi-level, building of masonry construction containing 1,323 square feet of gross building area. Features of the subject include a partial finished basement, central air conditioning and a two and one-half-car garage. The property is situated on 6,300 square feet of land in Maine Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the assessment inequity argument, the appellant submitted information on three suggested equity comparable properties. In support of the overvaluation argument, the appellant submitted a settlement statement that disclosed the subject property was purchased on December

15, 2022, for \$349,000. The subject's sale price reflects a market value of \$263.79 per square foot of gross building area including land. The appellant also submitted a closing statement and a real estate contract. The appellant provided information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties; was advertised and sold by a realtor; and was not sold due to a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2022 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The appellant disclosed the subject was owner-occupied during the lien year.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,068. The subject's assessment reflects a market value of \$450,680, or \$340.65 per square foot when applying the 2022 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in December 2022 for \$349,000. The appellant provided information in Section IV-Recent Sale Data of the appeal that the parties to the transaction were not related; that the property was sold using a Realtor; that the property had been advertised on the open market. In further support of the transaction, the appellant submitted a copy of the sales contract, the settlement statement, and the closing statement. The Board finds the purchase price was below the market value reflected by the assessment. Based on this record, the Board finds the subject property had a market value of \$349,000 as of January 1, 2022, and that a reduction in the subject's assessment is justified. The appellant's request to reduce the assessment of the land is without support. The land assessment shall remain unchanged. Since market value has been determined, the 2022 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed. *See* Central Nursing Realty, LLC v. Illinois Property Tax Appeal Board, 2020 IL App (1st) 180994, ¶¶ 34-36, thereby obviating the need to rule on the appellant's assessment inequity argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
