

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Leppert
DOCKET NO.: 22-33514.001-R-1
PARCEL NO.: 13-06-403-033-0000

The parties of record before the Property Tax Appeal Board are Joseph Leppert, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,625
IMPR.: \$31,739
TOTAL: \$52,364

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a parcel of land improved with a 91-year-old, two-story, frame, single-family dwelling containing 2,198 square feet of building area. The property is located in Chicago, Jefferson Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity and overvaluation as the bases of the appeal. In support of these arguments, the appellant submitted three comparables. These properties are described as two-story, frame or masonry, single-family dwellings. They range: in age from 75 to 94; in size from 1,298 to 2,125 square feet of building area; and in improvement assessment from \$10.01 to \$17.48 per square foot of building area. The properties sold from March to September 2021 for prices ranging from \$157.65 to \$350.54 per square foot of building area.

The appellant submitted a letter asserting that the subject received an increase of over 60%. The petition lists the subject as containing 5,832 square feet of land with no further explanation or documentation.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$52,364 with an improvement assessment of \$31,739 or \$14.44 per square foot of building area. The total assessment reflects a market value of \$523,640 or \$238.23 per square foot of building area using the Cook County Real Property Classification Ordinance for Class 2 property of 10%.

In support of the assessment the board of review submitted four comparables. These properties are described as two-story, frame or masonry, single-family dwellings. They range: in age from 83 to 108 years; in size from 1,617 to 2,088 square feet of building area; and in improvement assessment from \$17.79 to \$19.32 per square foot of building area. They sold from May 2021 to November 2022 for prices ranging from \$261.02 to \$381.30 per square foot of building area. The board of review lists the subject as containing 8,250 square feet of land with no further explanation or documentation.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3 and the board of review's comparable #1. These properties sold from March 2021 to May 2022 for prices ranging from \$157.65 to \$299.47 per square foot of building area. The remaining were given less weight due to differences in size. In comparison, the subject's assessment reflects a market value of \$238.23 per square foot of building area which is within the range of these comparables. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 and the board of review's comparable #1. These comparables had improvement assessments ranging from \$10.01 to \$18.68 per square foot of building area. The remaining comparables were given less weight due to differences in size. The subject's improvement assessment of \$14.44 per

square foot of building area is within the range of the best comparables in this record. Therefore, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed, and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
