

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tahir Malik
DOCKET NO.: 22-33537.001-R-1
PARCEL NO.: 09-25-214-015-0000

The parties of record before the Property Tax Appeal Board are Tahir Malik, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,684
IMPR.: \$45,315
TOTAL: \$52,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 2,460 square feet of living area. The dwelling is approximately twenty-five years old. Features of the home include a crawl space foundation, central air conditioning, and a two-car garage. The property has a 6,985 square foot site and is located in Niles, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four class 2-78 single family dwelling equity comparables properties with varying degrees of similarities to the subject which are located within a 1.3-mile radius of the subject. The improvements ranged: in age from 59 to 62 years; in size from 2,171 to 2,666 square feet of living area; and in improvement assessment from \$14.06 to \$16.18 per square

foot of living area. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,999. The subject property has an improvement assessment of \$45,316 or \$18.42 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-78 single family dwelling equity comparables with varying degrees of similarities to subject which are located within a ¼ mile radius of the subject. The improvements ranged: in age from 3 to 19 years; in size from 2,454 to 2,992 square feet of living area; and in improvement assessment from \$19.53 to \$22.03 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The parties submitted eight equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be *appellant's comparables #2 and #4 and board of review's comparables #1 and #2*. Appellant comparable #2 is of masonry construction while subject is of frame and masonry construction and has one half bathroom less than subject. This comparable is similar in square footage of living area to subject, has a crawl space foundation like subject, and has central air conditioning and a two- and one-half car garage similar to subject. Appellant comparable #4 is similar to subject in having two- and one-half bathrooms, similar square footage of living area, central air conditioning and garage space, but this comparable has a full basement while subject has a crawl space foundation. Board of reviews comparables #1 and #2 are of frame and masonry construction like subject, are of similar square footage of living area, have the same two- and one-half bathrooms as subject, are both on a crawl space foundation, and have central air conditioning like subject. One of these comparables has a two-car garage like subject and one has no garage. These comparable properties were similar to subject and had improvement assessments that ranged from \$14.18 to \$22.03 per square foot of living area. The subject's improvement assessment of \$18.42 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
