

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: 452 N Green Street Co.
DOCKET NO.: 22-33831.001-R-1
PARCEL NO.: 17-08-252-028-0000

The parties of record before the Property Tax Appeal Board are 452 N Green Street Co., the appellant(s), by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,240
IMPR.: \$71,733
TOTAL: \$83,973

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, multi-unit dwelling of masonry construction with 4,085 square feet of living area. The dwelling is approximately 143 years old. Features of the home include a full basement and a 1.5-car garage. The property has a 2,040 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four class 2-11 equity comparable properties with varying degrees of similarities to the subject which are located within a 0.9-mile radius of the subject. The improvements ranged: in age from 110 to 132 years; in size from 3,906 to 4,488 square feet of living area; and in improvement assessment from \$13.97 to \$15.84 per square foot

of living area. Based on this evidence the appellant is seeking a reductio in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,973. The subject property has an improvement assessment of \$71,733 or \$17.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-11 equity comparable properties with varying degrees of similarities to the subject, two of which are located within a 1/4-mile radius of the subject and two within the same subarea as the subject. The improvements ranged: in age from 133 to 143 years; in size from 3,606 to 4,315 square feet of living area; and in improvement assessment from \$17.90 to \$24.06 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #4 and board of review's comparable #3. Appellant's comparables #1 and #4 were similar to the subject in age, size, full basement, and no central air conditioning. These comparables had one full bathroom less than the subject. These comparables had no garage while the subject had a 1.5-car garage. Board of review's comparable #3 was similar to the subject in age, size, full basement, and no central air conditioning. This comparable had one full bathroom less than the subject. This comparable had no garage while the subject had a 1.5-car garage. These comparable properties were similar to the subject and had improvement assessments that ranged from \$13.97 to \$18.22 per square foot of living area. The subject's improvement assessment of \$17.56 per square foot of living area falls within the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
