

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mazam Prop LLC 2135 Mcarthur Dr Glenview
DOCKET NO.: 22-34214.001-R-1
PARCEL NO.: 09-12-441-003-0000

The parties of record before the Property Tax Appeal Board are Mazam Prop LLC 2135 Mcarthur Dr Glenview, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,087
IMPR.: \$18,912
TOTAL: \$25,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 764 square feet of living area. The dwelling is approximately 72 years old. Features of the home include a basement with finished area and a fireplace. The property has a 6,750 square foot site and is located in Glenview, Maine Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject and from 52 feet to 0.9 of a mile from the subject. The comparables are improved with class 2-02 homes of frame or masonry exterior construction ranging in size from 957 to 999 square feet of living area. The dwellings range in age from 67 to 71 years old. Each home has a basement, a fireplace, and

from a 1-car to a 2-car garage. One home has central air conditioning. The comparables have improvement assessments ranging from \$19,352 to \$23,913 or from \$20.22 to \$23.94 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$16,792.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,999. The subject property has an improvement assessment of \$18,912 or \$24.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and on the same block or 0.25 of a mile from the subject. The comparables are improved with 1-story, class 2-02 homes of masonry, frame, or frame and masonry exterior construction ranging in size from 844 to 880 square feet of living area. The dwellings range in age from 68 to 76 years old. Each home has a basement, two of which have finished area, and from a 1-car to a 2.5-car garage. Two homes have central air conditioning. The comparables have improvement assessments ranging from \$21,854 to \$37,465 or from \$25.71 to \$44.39 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1 and #3, which are less similar to the subject in dwelling size than the other comparables in this record and/or have central air conditioning unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4, which are more similar to the subject in dwelling size, age, location, and some features, although these comparables each have a garage unlike the subject and lack finished basement area that is a feature of the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments of \$21,854 and \$24,717 or \$25.71 and \$28.09 per square foot of living area, respectively. The subject's improvement assessment of \$18,912 or \$24.75 per square foot of living area falls below the best two comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
