

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Horcher
DOCKET NO.: 22-34332.001-R-1
PARCEL NO.: 02-05-207-005-0000

The parties of record before the Property Tax Appeal Board are Paul Horcher, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,022
IMPR.: \$48,977
TOTAL: \$60,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 4,344 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 40,075 square foot site and is located in Barrington, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's neighborhood and from 1.0 to 3.2 miles from the subject property. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame exterior construction ranging in size from 3,076 to 4,751 square feet of living area. The homes range in age from 39 to 50 years old. The comparables each have a full or partial

basement, central air conditioning, one fireplace, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$31,972 to \$50,195 from \$9.84 to \$11.02 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$45,438.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,999. The subject property has an improvement assessment of \$48,977 or \$11.27 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and ¼ of mile from the subject property. The comparables are improved with 1.5-story, class 2-04 dwellings of frame and masonry exterior construction ranging in size from 3,309 to 4,103 square feet of living area. The homes range in age from 45 to 58 years old. Each comparable has a full or partial basement, central air conditioning, one or two fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$39,191 to \$47,390 or from \$11.41 to \$11.93 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located 1.0 to 3.2 miles from the subject property, less proximate than the other comparables in this record and/or which have a dissimilar 1-story design, when compared to the 1.5-story design of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design/class, and age. However, these comparables are from 6% to 24% smaller in dwelling size than the subject and each comparable has varying degrees of similarity in other features suggesting adjustments would be required to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$39,191 to \$47,390 or from \$11.41 to \$11.93 per square foot of living area. The subject's improvement assessment of \$48,977 or \$11.27 per square foot of living area falls above the range established by the best comparables in this record on an overall value basis and below the range on a per square foot basis. The subject's higher overall value appears to be logical given its larger dwelling size. After considering adjustments to the best comparables for differences when compared to the subject, including but not limited to dwelling size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
