

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karthikeyapandi Karunaianantham  
DOCKET NO.: 22-34355.001-R-1  
PARCEL NO.: 02-23-309-015-0000

The parties of record before the Property Tax Appeal Board are Karthikeyapandi Karunaianantham, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,670  
**IMPR.:** \$36,329  
**TOTAL:** \$45,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,235 square feet of living area. The dwelling was built in 1995 and is approximately 27 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 13,815 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,114 to 2,434 square feet of living area. The homes range in age from 43 to 53 years old. Three comparables each have a full or partial basement with the appellant disclosing in the grid

analysis that the finished basement area is "N/A" and one comparable has a crawl space foundation. Each comparable has central air conditioning and a 2-car or a 2.5-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$29,500 to \$32,500 or from \$12.64 to \$13.97 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$29,994.

The board of review submitted its "Board of Review Notes on Appeal." The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$45,999. The subject has an improvement assessment of \$36,329 or \$16.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the subject's assessment neighborhood code. The comparables are improved with 2-story class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,277 to 2,630 square feet of living area. The homes range in age from 17 to 28 years old. Each comparable has a full basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$38,279 to \$44,070 or from \$16.33 to \$17.54 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The appellant contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which differ substantially from the subject in age and/or lack a basement foundation, which the subject features. The Board also gives less weight to board of review comparable #4 which is a substantially larger home than the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are overall more similar to the subject in design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$38,279 to \$41,863 or from \$16.33 to \$17.54 per square foot of living area. The subject's improvement assessment of \$36,329 or \$16.25 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best equity comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
