

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phillip & Laura Chihoski  
DOCKET NO.: 22-34357.001-R-1  
PARCEL NO.: 12-04-212-068-0000

The parties of record before the Property Tax Appeal Board are Phillip & Laura Chihoski, the appellants, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,529  
**IMPR.:** \$63,044  
**TOTAL:** \$69,573

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,275 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 3-car garage. The property has a 5,441 square foot site and is located in Rosemont, Leyden Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78 homes of masonry exterior construction ranging in size from 2,963 to 3,701 square feet of living area. The dwellings range in age from 22 to 25

years old. Each home has a basement, central air conditioning, and a 2-car or a 3-car garage. Two homes have one or two fireplaces. The comparables have improvement assessments ranging from \$53,111 to \$59,096 or of \$15.97 and \$17.92 per square foot of living area. Based on this evidence the appellants requested a reduction in the subject's improvement assessment to \$56,559.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,573. The subject property has an improvement assessment of \$63,044 or \$19.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, two of which are located within the same assessment neighborhood code as the subject and two of which are located in Norridge. The comparables are improved with 2-story, class 2-78 homes of masonry or frame and masonry exterior construction ranging in size from 2,112 to 2,586 square feet of living area. The dwellings range in age from 5 to 34 years old. Each home has a basement, three of which have finished area, central air conditioning, and a 2-car or a 2.5-car garage. Three homes have one or two fireplaces. The comparables have improvement assessments ranging from \$44,358 to \$59,651 or from \$21.00 to \$23.55 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables, due to their locations in a different city than the subject and/or substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellants' comparables, which are more similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$53,111 to \$59,096 or of \$15.97 and \$17.92 per square foot of living area. The subject's improvement assessment of \$63,044 or \$19.25 per square foot of living area falls above the range established by the best comparables in this record. However, after considering appropriate adjustments to the best comparables for differences from the subject, such as age and basement finish, the Board finds the subject's assessment is supported. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
