

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Lemke
DOCKET NO.: 22-34545.001-R-1
PARCEL NO.: 02-01-307-029-0000

The parties of record before the Property Tax Appeal Board are Mark Lemke, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,770
IMPR.: \$47,230
TOTAL: \$51,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 4,687 square feet of gross building area. The building was built in 1971 and is approximately 51 years old. Features include a slab foundation and a 2-car garage. The property has a 5,800 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and from 0.6 to 0.9 of a mile from the subject property. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction with either 4,809 or 5,742 square feet

of gross building area. The buildings are either 38 or 42 years old. Each comparable has a slab foundation and central air conditioning. The comparables have improvement assessments ranging from \$45,556 to \$54,395 or from \$8.96 to \$9.47 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,000. The subject property has an improvement assessment of \$47,230 or \$10.08 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood code. Each comparable is located on the subject's tax block with two of these comparables also being along the same street as the subject property. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction with either 4,585 or 4,638 square feet of gross building area. The buildings are either 49 or 51 years old. Each comparable has a slab foundation. Comparable #4 has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$47,076 to \$48,230 or from \$10.15 to \$10.52 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size than other comparables in this record and/or which have a dissimilar 2-story design, in contrast to the subject's 3-story design.

The Board finds the best evidence of assessment equity to be the board of review comparables which are each located on the subject's tax block and are more similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in garage amenity, central air conditioning, and other features. The best comparables have improvement assessments ranging from \$47,076 to \$48,230 or from \$10.18 to \$10.52 per square foot of gross building area. The subject's improvement assessment of \$47,230 or \$10.08 per square foot of gross building area falls within the range established by the best comparables in this record on an overall value basis and below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
