

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sheena Gutierrez
DOCKET NO.: 22-34548.001-R-1
PARCEL NO.: 09-33-411-012-0000

The parties of record before the Property Tax Appeal Board are Sheena Gutierrez, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,515
IMPR.: \$27,485
TOTAL: \$35,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,385 square feet of living area. The home is approximately 72 years old. Features include a full basement with recreation room,¹ central air conditioning, and a 1-car garage. The property has a 10,020 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same assessment neighborhood code as the subject

¹ The board of review disclosed the subject has a full basement with finished area, which was unrefuted by the appellant.

property. The comparables are improved with 2-story, class 2-06 dwellings of frame exterior construction ranging in size from 2,414 to 2,933 square feet of living area. The homes range in age from 67 to 82 years old. The comparables each have a crawl space or slab foundation. One comparable has central air conditioning. Two comparables each have one or two fireplaces. Each comparable has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$23,096 to \$30,395 or from \$9.33 to \$10.70 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,000. The subject property has an improvement assessment of \$27,485 or \$11.52 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame exterior construction ranging in size from 2,214 to 2,573 square feet of living area. The homes range in age from 64 to 71 years old. One comparable has a full basement, one comparable has a slab foundation, and one comparable has a crawl space foundation. Two comparables each have central air conditioning. One comparable has a fireplace. Each comparable has from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$29,485 to \$35,485 or from \$11.66 to \$13.96 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to a substantial difference from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 as well as the board of review comparables which are more similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in foundation type and other features. The comparables have improvement assessments ranging from \$23,096 to \$35,485 or from \$9.33 to \$13.96 per square foot of living area. The subject's improvement assessment of \$27,485 or \$11.52 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
