

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: David Lysik
DOCKET NO.: 22-34644.001-R-1
PARCEL NO.: 14-05-103-022-0000

The parties of record before the Property Tax Appeal Board are David Lysik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,880 **IMPR.:** \$19,848 **TOTAL:** \$62,728

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,342 square feet of building area. The building is approximately 113 years old. Features include a full basement, central air conditioning, two fireplaces, and a 3-car garage. The property has a 5,360 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,230 to 2,694 square feet of building area. The comparables

range in age from 104 to 123 years old. The comparables each have a full basement, two of which are finished with family rooms. Each comparable has central air conditioning and a 2-car garage. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$14,620 to \$20,536 or from \$5.43 to \$7.93 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$15,972.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,728. The subject property has an improvement assessment of \$19,848 or \$8.47 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,624 to 2,836 square feet of building area. The comparables range in age from 113 to 119 years old. The comparables each have a full basement, one of which is finished with an apartment and one of which is finished with a recreation room. One comparable has central air conditioning. One comparable has two fireplaces. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$22,700 to \$42,083 or from \$8.07 to \$16.04 per square foot of building area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the parties' comparables have varying degrees of similarity to the subject. Nevertheless, the Board gives less weight to board of review comparable #2 which has an improvement assessment that is substantially higher than other comparables in this record, making this a comparable an outlier. The Board also gives less weight to board of review comparable #4 which is a substantially larger building than the subject. The six remaining comparables are given greater weight by the board and have improvement assessments ranging from \$14,620 to \$23,800 or from \$5.43 to \$9.07 per square foot of building area. The subject's improvement assessment of \$19,848 or \$8.47 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
