

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Sidkey
DOCKET NO.: 22-34652.001-R-1
PARCEL NO.: 14-07-316-025-0000

The parties of record before the Property Tax Appeal Board are Robert Sidkey, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,376
IMPR.: \$20,753
TOTAL: \$46,129

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of frame exterior construction with 1,610 square feet of building area. The building is approximately 133 years old. Features of the building include a full basement. The property has a 3,172 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant disclosed in the appeal petition that the subject was an owner-occupied building.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables have varying degrees of similarity to the subject in location, design, age, dwelling

size, and features. The comparables have improvement assessments ranging from \$20,400 to \$22,624 or from \$12.70 to \$13.82 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated June 29, 2023 which disclosed the subject has a total assessment of \$63,376. The total assessment reflects a land assessment of \$25,376 and an improvement assessment of \$38,000 or \$23.60 per square foot of living area, per the appellant's petition.

The board of review submitted a minimally completed "Board of Review Notes on Appeal" which only disclosed a revised opinion of assessed value which reiterated the land, improvement, and total assessments as reflected in the appellant's appeal petition. Nevertheless, in support of its contention of the correct assessment, the board of review submitted limited information on four equity comparables that are located in the subject's assessment neighborhood code and have varying degrees of similarity to the subject in location, design, age, and features. The board of review did not disclose the classification codes or building/living size for its comparables. The comparables have improvement assessments ranging from \$30,280 to \$78,000.

The Property Tax Appeal Board takes judicial notice that this property was the subject matter of an appeal before the Property Tax Appeal Board in the prior 2021 tax year under Docket Number 21-31688 by the same appellant. In that appeal the Property Tax Appeal Board issued a decision lowering the subject's total assessment to \$46,129 based on the evidence in the record.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds that this matter is controlled by Sec. 16-185 of the Property Tax Code (35 ILCS 200/16-185) and a reduction in the subject's assessment is warranted.

Section 16-185 of the Property Tax Code provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Property Tax Appeal Board takes judicial notice that 2021 was the beginning of the subject's general assessment cycle for Lake View Township and a decision was issued for tax year 2021 under Docket Number 21-31688 lowering the assessment of the subject property to \$46,129 based on the weight of the evidence in the record. The record further indicates that the subject property is an owner-occupied building, which was unrefuted by the board of review, and the Board takes notice that 2021 and 2022 are within the same general assessment period for Lake View Township. Furthermore, the record contains no evidence indicating the subject property sold in an arm's length transaction after the Board's decision or that the decision of the Property Tax Appeal Board has been reversed or modified upon review. For these reasons the Property Tax Appeal Board finds that a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's prior year's decision plus the application of an equalization factor, if any.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
