

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Niraj Parikh  
DOCKET NO.: 22-34665.001-R-1  
PARCEL NO.: 02-27-209-008-0000

The parties of record before the Property Tax Appeal Board are Niraj Parikh, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,790  
**IMPR.:** \$40,210  
**TOTAL:** \$55,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 3,424 square feet of living area. The home is approximately 34 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 12,325 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and from 0.6 of a mile to 1.7 miles from the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 3,206 to 3,739 square feet of living area. The

homes range in age from 25 to 46 years old. The comparables each have a full or partial basement, with the appellant disclosing in the grid analysis that the finished basement area is "N/A." Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$33,334 to \$40,257 or from \$10.40 to \$10.92 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,000. The subject property has an improvement assessment of \$40,210 or \$11.74 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code and on the same tax block as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction with each having 2,951 square feet of living area. The homes are either 32 or 34 years old. Each comparable has a full basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$37,774 to \$40,200 or from \$12.80 to \$13.62 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located less proximate to the subject, than the comparables presented by the board of review.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$37,774 to \$40,200 or from \$12.80 to \$13.62 per square foot of living area. The subject's improvement assessment of \$40,210 or \$11.74 per square foot of living area falls slightly above the range established by the best comparables in this record on an overall basis and below the range on a per square foot basis. After considering the adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
