

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gabriel Predescu
DOCKET NO.: 22-34724.001-R-1
PARCEL NO.: 02-27-206-016-0000

The parties of record before the Property Tax Appeal Board are Gabriel Predescu, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,202
IMPR.: \$27,798
TOTAL: \$41,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 2,537 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a slab foundation, 2½ bathrooms, central air conditioning, and a 2.5-car garage. The property has an 18,860 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame exterior construction ranging in size from 1,824 to 2,598 square feet of living area. The homes range in age from 68 to 72 years old. Each comparable has either a slab or a crawl space foundation, 2 or 2½ bathrooms,

central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$16,500 to \$20,914 or from \$8.05 to \$9.83 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$22,402.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,000. The subject property has an improvement assessment of \$27,798 or \$10.96 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,288 to 2,644 square feet of living area. The comparables range in age from 34 to 43 years old. Each comparable has a full or partial basement, 2½ bathrooms, and a 2-car or a 2.5-car garage. Two comparables each central air conditioning and one or two fireplaces. The comparables have improvement assessments ranging from \$27,145 to \$34,742 or from \$11.18 to \$13.63 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration with varying degrees of similarity to the subject. Nevertheless, the Board gives less weight to the board of review comparables which present basement foundations, which the subject lacks. The Board gives most weight to the appellant's comparables which lack basement foundations, like the subject, but present substantial differences from the subject, including but not limited to, in design, age, dwelling size, garage capacity, and bathroom count. These comparables have improvement assessments ranging from \$16,500 to \$20,914 or from \$8.05 to \$9.83 per square foot of living area. The subject's improvement assessment of \$27,798 or \$10.96 per square foot of living area falls above the range established by the best comparables in this record which is logical when considering the aforementioned differences of the comparables when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
