Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,734 square feet of living area. The dwelling is 22 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a 3-car garage. The property has a 6,250 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from

2,902 to 3,437 square feet of living area. The homes range in age from 18 to 35 years old. Each dwelling has central air conditioning, a fireplace, and a 2-car or 2.5-car garage. Three comparables each have a full basement and one comparable has a concrete slab foundation. The comparables have improvement assessments ranging from \$44,458 to \$57,526 or from \$15.22 to \$16.74 per square foot of living area. Based on this evidence, the appellants requested a reduced combined improvement assessment of \$59,072 or \$15.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellants submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$81,558. The subject property has a combined improvement assessment of \$69,369 or \$18.58 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, three of which are within .25 of a mile of the subject. The comparables consist of 2-story class 2-78 dwellings of frame or masonry exterior construction ranging in size from 3,432 to 3,617 square feet of living area. The homes range in age from 17 to 28 years old. Each dwelling has central air conditioning, one or three fireplaces, a full basement, and a 2-car or 3-car garage. The comparables have improvement assessments ranging from \$72,441 to \$77,260 or from \$20.99 to \$22.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellants' comparables #2 and #3, which differ from the subject in age, dwelling size, and/or foundation.

The Board finds the best evidence of assessment equity to be appellants' comparables #1 and #4 along with the comparables presented by the board of review, which are similar to the subject in age, dwelling size, and features. These comparables have improvement assessments that range from \$50,896 to \$77,260 or from \$15.22 to \$22.04 per square foot of living area. The subject's combined improvement assessment of \$69,369 or \$18.58 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
