Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,501 square feet of living area. The dwelling is 16 years old. Features of the home include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 3,150 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on five equity comparables located in the subject's assessment neighborhood and from .5 of a mile to 1.9 miles from the subject. The comparables consist of 2-story class 2-78 dwellings of masonry exterior

construction ranging in size from 3,293 to 3,738 square feet of living area. The homes range in age from 28 to 35 years old. Each dwelling has central air conditioning, a full basement, and a 2-car garage. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$55,950 to \$66,870 or from \$16.02 to \$18.03 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of \$60,077 or \$17.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellants submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$95,792. The subject property has a combined improvement assessment of \$79,727 or \$22.77 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, two of which are within .25 of a mile of the subject. The comparables consist of 2-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging from 2,935 to 3,372 square feet of living area. The homes range from 16 to 22 years old. Each dwelling has a full basement, central air conditioning, one or two fireplaces, and a 2-car or 3-car garage. The comparables have improvement assessments ranging from \$67,780 to \$76,995 or from \$22.83 to \$23.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the comparables submitted by the appellants, which differ from the subject in age. The Board finds the comparables presented by the board of review are similar to the subject in age, dwelling size, and features. These comparables have improvement assessments ranging from \$67,780 to \$76,995 or from \$22.83 to \$23.82 per square foot of living area. The subject's improvement assessment of \$79,727 or \$22.77 per square foot of living area is above the range established by the best comparables in this record overall and below the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
