

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Katz
DOCKET NO.: 22-35000.001-R-1
PARCEL NO.: 09-12-300-039-0000

The parties of record before the Property Tax Appeal Board are Steven Katz, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,504
IMPR.: \$28,495
TOTAL: \$37,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,330 square feet of living area. The dwelling is 56 years old. Features of the home include a basement with finished area,¹ 1½ bathrooms, central air conditioning and a 2-car garage. The property has a 9,052 square foot site and is located in Glenview, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.38 to 0.91 of a mile from the subject property. The comparables consist of class 2-34, multi-level dwellings of frame and

¹ The board of review disclosed the subject's basement has finished area, which was unrefuted by the appellant.

masonry exterior construction ranging in size from 1,251 to 1,586 square feet of living area. The dwellings are from 60 to 66 years old. The dwellings each have a basement, with "N/A" disclosed for the finished area, either 1½, 2 or 2½ bathrooms, central air conditioning and 1 or 2 fireplaces. Three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,478 to \$28,159 or from \$15.57 to \$17.97 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,999. The subject property has an improvement assessment of \$28,495 or \$21.42 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject property. Two comparables are also located along the same street as the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction containing either 1,300 or 1,315 square feet of living area. The dwellings are 55 to 59 years old. The dwellings each have a basement with finished area, 1½ bathrooms, central air conditioning and either a 1.5-car, a 2-car or a 2.5-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$28,140 to \$29,140 or from \$21.65 to \$22.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in location, dwelling size, and bathroom count than the board of review's comparables. Moreover, two of the comparables lack central air conditioning and/or a garage amenity, both of which are features of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are located within the same assessment neighborhood and block as the subject. In addition, these comparables are relatively identical to the subject in location, design, age, dwelling size, basement finish and most features. These four comparables have improvement assessments ranging from \$28,140 to \$29,140 or from \$21.65 to \$22.16 per square foot of living area. The subject's improvement assessment of \$28,495 or \$21.42 per square foot of living area falls within the range established by the best comparables in the record on an overall basis and

below these comparables on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
