

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bonnie Rooney  
DOCKET NO.: 22-35037.001-R-1  
PARCEL NO.: 02-28-107-007-0000

The parties of record before the Property Tax Appeal Board are Bonnie Rooney, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,853  
**IMPR.:** \$41,359  
**TOTAL:** \$55,212

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 3,538 square feet of living area. The home was built in 1972 and is approximately 50 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 15,393 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 3,172 to 3,297 square feet of living area. The homes range in age from 46 to 53 years old. Each

comparable has a full basement, central air conditioning, one fireplace, and a 2-car or 2.5-car garage. The comparables have improvement assessments ranging from \$34,892 to \$40,146 or from \$11.00 to \$12.23 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$41,359.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,999. The subject property has an improvement assessment of \$46,146 or \$13.04 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,680 to 2,940 square feet of living area. The homes range in age from 47 to 50 years old. Each comparable has a full or partial basement, central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$36,027 to \$41,140 or from \$13.27 to \$14.76 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board accords diminished weight to the board of review comparables due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are overall more similar to the subject in design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$34,892 to \$40,146 or from \$11.00 to \$12.23 per square foot of living area. The subject's improvement assessment of \$46,146 or \$13.04 per square foot of living area falls above the range established by the best comparables in this record and is excessive. After considering the adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
