

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Rukstales
DOCKET NO.: 22-35084.001-R-1
PARCEL NO.: 02-17-202-006-0000

The parties of record before the Property Tax Appeal Board are Bradley Rukstales, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,654
IMPR.: \$46,345
TOTAL: \$54,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 3,594 square feet of living area. The home is approximately 76 years old. Features include a full basement, central air conditioning, three fireplaces, and a 2-car garage. The property has a 38,463 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame or frame and masonry exterior construction ranging in size from 3,043 to 3,369 square feet of living area. The homes range in age from 67 to 71 years old. Each comparable has a full or partial basement, central air

conditioning, one or two fireplaces, and from a 2-car to 3.5-car garage. The comparables have improvement assessments ranging from \$28,820 to \$38,376 or from \$9.24 to \$11.92 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,999. The subject property has an improvement assessment of \$46,345 or \$12.90 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame or frame and masonry exterior construction ranging in size from 2,030 to 4,244 square feet of living area. The homes range in age from 66 to 80 years old. Three comparables each have a partial basement and one comparable has a crawl space foundation. Two comparables each have central air conditioning. Each comparable has from one to four fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$30,633 to \$57,821 or from \$12.90 to \$15.09 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 as well as board of review comparables #1, #2, and #4 due to their 1-story design, in contrast to the subject's 1.5-story design, and/or substantial differences from the subject in dwelling size. Further, two of these comparables lack central air conditioning, and one these also lacks a basement foundation, both of which are features of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and #3 as well as board of review comparable #3 which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. The three best comparables have improvement assessments ranging from \$28,820 to \$53,513 or from \$9.47 to \$13.02 per square foot of living area. The subject's improvement assessment of \$46,345 or \$12.90 falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
